

REACH STATEMENT NEW PIG

The following articles have been identified as containing an SVHC on the Candidate List in a concentration above 0.1% w/w.

These substances are not intended or designed to be released as part of the normal function of any article.

- Yellow, Green Grey, Clear PVC contains Bis (2-ethylhexyl) Phthalate (DEHP1), CAS# 117-81-7
- Yellow PVC contains Lead⁴, CAS# 7439-92-1
- Green, Orange PVC contains Di-"isononyl" Phthalate (DINP2), CAS# 28553-12-0
- Green PVC, Clear PVC Hose contains Dibutyl Phthalate (DBP3), CAS# 84-74-2
- Green PVC contains Diisodecyl Phthalate (DIDP), CAS# 26761-40-0 / 68515-49-1

All articles are intended for industrial and/or professional use. Avoid using in confined spaces. If required, wear appropriate gloves to avoid prolonged contact with skin when installing / removing.

New Pig is committed to monitoring the Candidate List of SVHCs, and working to reduce or replace their use.

REACH STATEMENT NEW PIG

Appendix:

¹DEHP:

- DEHP is on the ECHA SVHC list because it can cause cancer and birth defects or other reproductive harm.
- Exposure to DEHP may increase the risk of cancer, and may also harm the male reproductive system.
- Exposure to DEHP during pregnancy may affect the development of the child.

²DINP:

- DINP is on the ECHA SVHC list because it can cause cancer.
- Exposure to DINP may increase the risk of cancer.

3DBP:

- DBP is on the ECHA SVHC list because it can cause birth defects or other reproductive harm.
- Exposure to DBP during pregnancy may affect development of the child, and may also harm the male and female reproductive systems.

⁴Lead:

- Lead is on the ECHA SVHC list because it can cause birth defects or other reproductive harm. Exposure to lead during pregnancy can affect brain development and cause learning and behavior problems for the child. Exposure to lead can harm the reproductive system of men and women.
- Lead and lead compounds also are on the ECHA SVHC list because they can cause cancer. Exposure to lead and lead compounds may increase cancer risk.
