## Description

- Packed with a selection of chemical socks, booms, mat pads and pillows to help efficiently manage, contain and absorb large spills of nearly any type of caustic, hazardous or unknown liquid – including acids, bases, solvents and chemicals
- Brightly coloured container is highly visible, making it easy to identify during spill emergencies
- Wheeled kit is extremely easy to manoeuvre to spill site
- Hinged lid, drop down front and organised absorbents help you respond quickly and efficiently to spills
- Durable polyethylene container helps keep kit contents clean and dry to ensure maximum product performance in use

<b>Warnings &amp; Restrictions</b>	: Independent testing indicates that PIG HAZ-MAT products are compatible with and absorb most acids and caustics. Due to variables and conditions of applications beyond our control, New Pig cannot guarantee that this product will absorb to your satisfaction. To insure effectiveness and your safety, we recommend that you conduct compatibility and absorption testing of your chemicals with PIGHAZ-MAT products prior to purchase. If you have any questions or need samples to test, please call your local distributor.
